DETAILED ACTION

Applicants' response, which included cancellation of claims 1-6, 11-14 and 16-18 and along with amendment to claims 8 and 19-20, filed on 9/6/2001, is made of record.

Claims 8 and 19-20 are now pending.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In view of applicants' response, all 112 rejections and 103 rejections over Hutchings et al., Davis et al., and Buckman et al., made in the of previous action have been obviated.

The method of treating subject suffering from HIV using compound of formula I, namely variously substituted 2-aminopyrimidines particularly those bearing specific a-1, a-2, a-3, a-4, a-5, R¹, R², L, Y, Q groups embraced in the instant claims, were not found to be anticipated or rendered obvious by the prior art of record. Additionally, prior art search in the relevant art area yielded no prior art teaching or suggesting the method of use for treating HIV patients using compound of formula I with specific variable substituents presently embraced. Therefore, the examiner noted that the claims would be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
